

# Recorded vote of members of the House of Representatives on H Sub for SB 233: Gender Affirming Care

**H Sub for SB 233:** This bill prevents healthcare providers from treating a child less than 18 years old whose gender identity is inconsistent with the child’s sex, deems such an act as unprofessional conduct for physicians, requires professional discipline against a healthcare provider who treats a child whose gender identity is inconsistent with the child’s sex, disallows liability insurance to cover damages for a healthcare provider who performs such treatments. Surgical procedures, puberty blockers, hormone treatment for gender shall not be used to treat gender dysphoria. Any child currently receiving such treatment must cease treatment as of December 31, 2024.

**802 Position:** Opposed.

The 802 believes medical decisions are best made between the parent, child and medical provider, and that legislators have no place inserting themselves into the process. These decisions are not made in a vacuum or taken lightly by parents, mental health, and medical professional. The science behind the process is proven. Potential negative consequences exist for individuals who purchase hormones on the black market when they become unable to access them from medical professionals. Multiple well written studies have confirmed that gender affirming care saves lives and improves the mental health of teens and young adults. Additionally, the state has no plan in place to provide support of youth who have begun the process of transitioning and will be forced to detransition on January 1, 2025 if this bill becomes law.
